# ChangeYourWorld.

Change. That is the only constant in our lives. Everything around us, including nature, changes every moment, for Change is, natural and inevitable.

Channelising Change to make lives and the world better, for everyone, is the purpose of life. Resisting Change, its biggest folly.

Creativity is the ability to make positive Change. And tradition, just another justification for the inability to change. Knights & Walker believes in Change and creativity. We salute the human spirit for changing the world and everything in it, constantly, for the better.
